

Board Summary
September 13, 2016

Lighthouse/Riverside Marina Update

Just an fyi, the Lighthouse Foundation has requested that the turnover of the Riverside Marina Building be delayed until the middle of this month.

SCORE

SCORE is in the process of preparing to open their office at the Port. Their first seminar entitled "How to Start Your Own Business" is tentatively scheduled for Tuesday October 18th from 12 noon to 2 pm in our conference room. They are also looking at a hard opening date of Wednesday, October 12th from 4 pm – 6 pm.

Kelleys Island Ferry

ODOT has met to review the proposals received. They are currently reviewing their recommendation with their Central Office. Hopefully, we will hear something prior to the Board meeting.

Wind Symphony

We were contacted recently by the American Wind Symphony orchestra to see if we are interested in hosting them in the Port of Lorain next year. We have hosted them twice throughout the years. Essentially they bring in and play on a floating barge. It has always been well received. However, the cost to bring them to the port is \$30,000 which is negotiable. Additionally, considerable landside support (room and board) is also required. Recommend place in committee.

2016 Train Display.

Agreement attached with minor changes for this season

Grant Update

Tiffany will provide an update on the grants that were submitted to various agencies.

Firefish Update

Update on activities associated with the Firefish event

Locoyaks Fall Cleanup

Report on planned activities.

Jet Express/Huron

Agreement with City of Huron for pick up and drop off for Browns Games.
