Rick,

We have drafted a Novation Agreement to change the project sponsor for the Lorain CDF from the City of Lorain to the Port Authority and amend the project agreement accordingly. Let me know if you and your organization are comfortable with the agreement as written and please confirm/provide the current information for Mayor of City of Lorain, Attorney for City of Lorain (who will sign the Certificate of Authority), the signatory for the Port Authority, and the Attorney for the Port Authority.

Thanks!

Josh
