Dear Mr. Novak,

The sub-committees for this year's Thanksgiving weekend event are coming together and preparing for what we feel will be a great event.

However, because we have had no income at this point and some funds are needed for essentials in running business, we are requesting your assistance in fronting us \$1000 for matters pending to continue to organize until we can put a fund raiser together.

Your assistance in this matter would be greatly appreciated.

Respectfully,

Steve Bansek, Event Chair
