Dear Rick,

On behalf of the Lorain Rotary Club and the Group Study Exchange (GSE) Team from India, I offer my warmest appreciation of the boat ride down the Black River and to the Lorain Lighthouse you so graciously provided on May 23rd. Please forward our thank you to the captain as well. He shared his knowledge of the area with all that were aboard and just as important, kept us dry as the weather turned stormy!

We come from different places, but underneath it all, we all want a better world. Because of your contribution, the GSE team returned to India with a better understanding of Lorain Ohio and the experience and memory of a boat ride down the Black River.

Thank you for your generosity.

Sincerely,
